A General Undergraduate Degree Regulations

Compliance

1. These regulations apply to all categories of undergraduate study at the University of Edinburgh, except for those qualified by a Senatus approved Memorandum of Agreement or Understanding for joint or collaborative awards. Every undergraduate student must comply with these regulations. In exceptional circumstances a concession to allow relaxation of a specific regulation may be granted by the appropriate Head of College. Where the Head of College does not have authority to award a particular concession then the Curriculum and Student Progression Committee may award the concession.
2. Where the Head of College has the authority to grant permissions and concessions, this authority may be delegated to appropriate nominees in the College or Schools. Students must consult their Personal Tutor or Student Support Team as to the appropriate point of contact, and must not approach the Head of College directly.
3. Students must comply with any requirements specific to their degree programme as set out in the Degree Programme Tables, the relevant College Regulations specified in sections B, C and D below and the University's Taught Assessment Regulations for the current academic session: www.ed.ac.uk/schools-departments/academic-services/staff/assessment/assessment-regulations
4. Where a student's degree programme is subject to Fitness to Practise requirements, the relevant College Committee must be satisfied at all times that in respect of health, conduct and any other matters which the Committee may reasonably deem relevant, whether such matters relate to the student's University programme or are unrelated to it, the student will not constitute a risk to the public, vulnerable children or adults or to patients and is a suitable person to become a registered member of the relevant professional body. Students are subject to the Fitness to Practise regulations both while actively studying and while on an interruption of study. Any student who fails to satisfy the relevant College Committee, irrespective of their performance in assessment, will be reported to the Head of College who has power to recommend exclusion from further studies and assessments or Professional Examinations, or to recommend the award of the degree be withheld, or other penalty set out in College procedures. An appeal against this decision may be submitted to the Student Fitness to Practise Appeal Committee. See the Student Appeal Regulations at: <http://www.ed.ac.uk/files/atoms/files/studentappealregulations.pdf>
5. Students must inform their Personal Tutor if they have been charged or convicted of a relevant criminal offence since matriculating at the University. 'Relevant' offences are as defined in the University's [Policy and procedure for the admission of applicants who disclose criminal convictions or who require Protecting](#)

[Vulnerable Groups Scheme membership](#) .The Student Support Team (or equivalent) will refer the case to the relevant College which will decide whether the University should take action under the Code of Student Conduct or (where a student's degree programme is subject to Fitness to Practise requirements) the College Fitness to Practice procedures.

6. The University awards the following types of undergraduate degrees, diplomas and certificates. The University's undergraduate awards and degree programmes are consistent with the Scottish Credit and Qualifications Framework (SCQF, www.scqf.org.uk/), unless an exemption has been approved by the Curriculum and Student Progression Committee. The credit levels required for each programme are specified within the appropriate Degree Programme Table (DPT).

7. Every student must comply with the detailed requirements of the curriculum for the degree as set out in the appropriate Degree Programme Table, the programme handbook, the course handbook, the order in which courses are attended and the assessment for the programme, which are published in the University Degree Regulations and Programmes of Study.
8. When selecting courses, students must comply with the pre-requisite, co-requisite and prohibited combination requirements for the degree programme, unless a concession is approved by the relevant Head of College.
9. Students should commence their degree programme at the start of the academic year, and should commence the courses that they are enrolled on at the start of semester in which the courses are taught. No student will be admitted to a degree programme more than two weeks after the start of the academic year without the permission of the Head of College. No student will be enrolled on a course that is part of their degree programme more than two weeks after the start of semester in which the course is taught without the permission of the Head of College. A student who leaves a course after six weeks from the start of the relevant semester will be deemed to have withdrawn from the course and the course enrolment remains on the student's record.

Mode of Study

10. Programmes are offered on a full-time or part-time basis. Students' mode of study is defined when they are admitted to the degree programme.
11. Only in exceptional circumstances, and with the permission of the Head of College, is a student allowed to change mode of study. For academic reasons, the University may require a student to change their mode of study.

Study Period

12. A student must complete the requirements of the degree programme within the period of study specified in the Degree Programme Table, unless given a concession with the approval of the Head of College.
13. The maximum period for completion of an Ordinary or General degree programme is 8 years. The maximum period for completion of an Honours degree programme is 10 years. This maximum period includes any concessions and any authorised interruptions of study.
14. With the annual permission of the Head of College, a student may take longer than the study period specified in the Degree Programme Table to undertake an Ordinary, General or Honours degree programme, provided that a minimum of 40 credit points are undertaken in each year of study.

15. Where a student needs to meet specific progression requirements, the Head of College may approve a student taking fewer than 40 credit points.
16. Certain elements of a degree programme may require full-time attendance. Students given permission to undertake study over an extended period must comply with any requirements specified for a particular degree programme.
17. For the award of a University of Edinburgh degree a student must study University of Edinburgh courses for a minimum period of two years and obtain 240 credits or the pro-rata equivalent in the case of part-time study (for part-time study, the period of study will be longer but the same minimum credit levels must be achieved). This regulation does not apply to intercalating medicine and veterinary medicine students. In exceptional circumstances, the Head of College may approve a concession to allow the award of a University of Edinburgh degree to a student who has studied University of Edinburgh courses for a minimum of one year (obtaining 120 credits or the pro-rata in the case of part-time study). This may include students studying at the University of Edinburgh on 2+2 arrangements, or students entering the University directly into year 3 of study.
18. A student studying for an Honours degree is not allowed to substitute study at another institution for the final year of their Honours programme.
19. A student may apply for an authorised interruption of study and it may be authorised by the Head of College if there is good reason for approving the interruption. Students must provide evidence to support their applications. Interruptions of study will not be applied retrospectively. Any one period of authorised interruption of study will not exceed one academic year, unless authorised by the Head of College. The total period of authorised interruption of study is the same for full-time and part-time students and will not exceed 100% of the prescribed period of full-time study.
20. Study undertaken at another institution during a period of authorised interruption of study will not be credited to a student's programme of study at the University of Edinburgh.
21. Students registered for the 5-year MBChB programme or the BVM&S may elect to take an intercalated Honours year, or undertake a postgraduate degree programme during their period of enrolment. This is not categorised as interruption of study.

Recognition of Prior Learning (RPL)

22. RPL can only be recognised at the point of admission to the University. The Head of College has the power to recognise up to 240 credits of prior learning and on this basis to admit a student to the second or later years of a programme of study. RPL can potentially be granted for programmes taken at the University of Edinburgh, as well as those from elsewhere. Before approval is granted the College must be

satisfied that the learning to be recognised provides an adequate basis for the programme or courses as set out in the appropriate Degree Programme Table. The University [RPL policy for admissions](#) is available.

23. University of Edinburgh courses which have a substantial curriculum overlap with any of the courses that contributed to a student's admission on the basis of RPL will not count towards the student's degree programme.

Attendance and Participation

24. Students must attend and participate as required in all aspects of their programme of study. This includes being available for teaching sessions, assessment, examination and meeting Personal Tutors face to face and electronically. The Degree Programme Table and programme handbook sets out programme requirements for engagement. Certain students' visa requirements may require the University to monitor attendance and engagement in specific ways.

25. It is a student's responsibility to provide a current postal contact address and to ensure that any legal requirements, including those imposed by their funding or grant authority, are met. All students are required to check their MyEd and University email account frequently for communications from the University and respond where appropriate. University policy on contacting students by email: www.ed.ac.uk/files/atoms/files/contacting_students_by_email.pdf

26. Leave of absence is required for compulsory and optional activities related to the programme of study that are not undertaken on campus in Edinburgh. Students must have the formal approval of the College for any leave of absence to study away from Edinburgh that is 30 calendar days' duration or longer. Study location changes of less than 30 calendar days must be agreed with the Supervisor or Personal Tutor. Where the activity is a compulsory part of the programme of study and is organised by the School or College, permission may be given by the College for a cohort of students without individual applications being made. Colleges and Schools must maintain records of all leaves of absence. This regulation does not apply to students on a recognised distance learning programme.

Optional Study Abroad

27. Students may be eligible to undertake Optional Study Abroad as part of their undergraduate degree programme, providing they meet the selection criteria. Periods of Optional Study Abroad must only be undertaken at a higher education institution with which the University of Edinburgh has a formal exchange agreement. Students are not permitted to arrange their own opportunities to study at another higher education institution. Periods of Optional Study Abroad may be for one academic year, or one semester depending on the exchanges offered in each discipline.

28. Students must have achieved 240 credits before participating in Optional Study Abroad in year 3. All year 2 courses must be passed at the first attempt; resits during the summer diet are not permitted. Students must have achieved 360 credits before participating in Optional Study Abroad in year 4 of a 5 year programme.

29. Students undertaking Optional Study Abroad are required to complete a Learning Agreement in consultation with their School Exchange Coordinator prior to departure. Learning Agreements must be agreed and signed by the student, their School Exchange Coordinator, and, for Erasmus students only, the partner university. In the case of joint degree programmes, the Learning Agreement must be approved by both Schools, but the School which owns the programme is ultimately responsible for the Learning Agreement. If any amendments are required to the Learning Agreement at any time, including on arrival at the partner university, students must liaise with the School Exchange Coordinator. The Exchange Coordinator is responsible for confirming that the amended Learning Agreement corresponds appropriately with the University of Edinburgh degree curriculum for the relevant year of study.

30. Students who undertake Optional Study Abroad must undertake the equivalent volume of credits and level of courses at the partner university to that which they would study if they were remaining in Edinburgh. Credit achieved at a partner university is converted to University of Edinburgh credit, and counts towards the total credit required for the award of an Edinburgh degree. Individual marks/grades achieved at a partner university are not converted to University of Edinburgh marks/grades.

- Students studying abroad for one semester must enrol in the equivalent of 60 University of Edinburgh credits;
- Students studying abroad for an academic year must enrol in the equivalent of 120 University of Edinburgh credits.
- For students studying at European institutions, 60 Edinburgh credits are equivalent to 30 ECTS (European Credit Transfer System) credits and 120 Edinburgh credits are equivalent to 60 ECTS.
- For students studying at non-European institutions, the credit load and level required to be undertaken at the chosen partner university will be as approved by Senate Curriculum and Student Progression Committee, in consultation with the International Office.

31. Students who attempt but do not achieve the required credit at the partner university may be eligible for the award of Credit on Aggregate (CA). CA can only be awarded when the student has enrolled in and attempted assessment for the equivalent to a full University of Edinburgh credit load at an appropriate level, and in accordance with the regulations and guidance available in the Taught Assessment Regulations for awarding credit on aggregate. Progression decisions for students returning from Optional Study Abroad are the responsibility of the appropriate

College Study Abroad Progression Board. Terms of Reference for the College Study Abroad Progression Boards are available here:

www.ed.ac.uk/files/atoms/files/studyabroadcollegeboards-termsofreference.pdf

32. In cases where assessment is optional at a partner university, students are required to undertake assessment. Credit awarded on a “pass/fail” basis will only be accepted in exceptional circumstances or where the partner institution confirms there is no alternative, and with advance approval of the appropriate College.

Withdrawal and Exclusion

33. Any student may withdraw permanently from their programme of study at any point in the year. Students may be excluded for reasons outlined within the procedure for Withdrawal and Exclusion from Studies:

www.ed.ac.uk/files/atoms/files/withdrawal_exclusion_from_study.pdf

Progression and Permissible Credit Loads

34. To gain a specific degree award, students must achieve the Scottish Credit and Qualifications Framework (SCQF, www.scqf.org.uk/) credit point and level requirements of the particular programme, as set out in the appropriate Degree Programme Table.

35. Full-time undergraduate study comprises 120 credit points in each year of study. Part-time study is defined on a pro-rata basis in the relevant Degree Programme Table.

36. Students must attain the credits and other requirements for each stage of study, as outlined in the relevant Degree Programme Table and Programme Handbook. In addition, students must meet any other requirements set out in their Programme and/or Course Handbook.

37. Any student who has not attained the full volume of credit points for their year of programme by the end of the relevant session (e.g. 120 credits for full-time students) may be required to take resit exams, supplementary or alternative assessments, or additional courses to make good the deficit.

38. In order to progress to the next year of programme, a student must attain the following minimum number of credits:

- 80 credit points by the end of Year 1 of programme;
- 200 credit points by the end of Year 2 of programme;
- 360 credit points by the end of Year 3 of programme;
- 480 credit points by the end of Year 4 of programme;
- 600 credit points by the end of Year 5 of programme for Integrated Masters

39. Where a programme requires students to attain more than the minimum number of credits in order to progress, this will be specified in the relevant Degree Programme Table and Programme Handbook.

40. Where students are allowed to progress with a credit deficit, they will be required to obtain the missing credits in order to qualify for the relevant award.

41. Students who do not attain sufficient credits to progress within the specified period may be excluded for unsatisfactory academic progress. The College will follow the procedure for Withdrawal and Exclusion from Studies:
www.ed.ac.uk/files/atoms/files/withdrawal_exclusion_from_study.pdf

42. The College may offer students who are unable to progress due to a credit deficit the opportunity to return to study the following year in order to seek to address this deficit. Such a return to study without progression may be offered on a full-time, part-time, or assessment-only basis.

43. In pre-Honours years, a student may be allowed to take up to 40 credits of additional Scottish Credit and Qualifications Framework (SCQF, www.scqf.org.uk/) level 7 and 8 courses (in addition to the normal 120 credits), subject to the approval of the student's Personal Tutor.

44. Exceptionally, students in their honours years, with College approval, may take up to 40 credits of additional Scottish Credit and Qualifications Framework (SCQF, www.scqf.org.uk/) level 7 or 8 credit and, more rarely, up to 10 credits at levels 9-11 in the Honours years.

45. Students may attend courses on a class-only basis (i.e. not for credit), with the agreement of the Course Organiser and the approval of the Personal Tutor. Decisions will be based on the overall load (credit and non-credit bearing) on the student, which must not exceed 160 credits.

46. A student who has previously submitted work for one course at the University must not submit the same work to attempt to achieve academic credit at the University through another course.

47. Students can only be concurrently registered for one full-time award at the University of Edinburgh.

Transfer to Different Degree Programme

48. A student may be allowed to transfer to a different degree programme in the University by permission of the receiving College.

49. Unless granted a concession by the Head of the receiving College, students must comply with the pre-requisite and co-requisite requirements of the new programme shown in the Degree Programme Table.

Awards and Qualifications

50. In order to achieve the award of the Undergraduate Certificate of Higher Education students must have attained a minimum of 120 credit points (of which a minimum of 90 are at level 7 or higher) gained from passes in courses of this University which count towards graduation.

51. In order to achieve the award of the Undergraduate Diploma of Higher Education students must have attained a minimum of 240 credit points. At least 120 credit points must be gained from passes in courses of this University counting towards graduation and at least 90 of the 120 credit points gained from courses passed at this University must be in courses at level 8 or above.

52. The attainment requirements for students for General and Ordinary degrees are specified in the relevant College regulations below.

53. The attainment requirements for students for MBChB and BVM&S degrees and the BSc in Oral Health Sciences are specified in the College of Medicine and Veterinary Medicine regulations below (Section C).

54. The award of Honours is based on the student's performance in assessment in the Honours year(s). For information on the award of Honours see the Taught Assessment Regulations for the current academic session: www.ed.ac.uk/schools-departments/academic-services/staff/assessment/assessment-regulations

55. A student who satisfies the examiners in the Final Honours assessment shall be awarded Honours in one of following classifications: First Class, Second Class Division I, Second Class Division II and Third Class.

56. Students who have been assessed, classed or failed for Honours may not present themselves for re-assessment in the same programme, or assessment in a closely related programme. The Head of College determines whether a programme is closely related.

57. During a single period of continuous registration, a student may be awarded only the University qualification with the highest status for which they have attained the required credits.

58. A candidate who already holds a General or Ordinary degree may be permitted by the appropriate Head of College to apply for the degree with Honours, provided that not more than five years have elapsed between their first graduation and acceptance as a candidate for the subsequent degree with Honours. Such a candidate will normally be required to achieve a further 240 credit points, or credit points as deemed appropriate by the Head of the receiving College, at the levels stipulated in the appropriate Degree Programme Table.

59. In exceptional circumstances, notwithstanding any existing Resolutions to the contrary, the University may confer all existing Honours degrees with unclassified Honours if insufficient information is available to the relevant Board of Examiners to classify those degrees. Where a Board of Examiners has insufficient information to enable an unclassified Honours degree to be conferred on a candidate for Honours, a General or Ordinary degree may be awarded to that candidate where they are qualified for such a degree under the existing Regulations. Conferment of an unclassified Honours degree or General or Ordinary degree in these cases is an interim measure: final awards will be confirmed when sufficient information is available to the relevant Board of Examiners.

60. Senatus may authorise the conferment of posthumous degrees, diplomas and certificates if proposed by the College and approved by the Curriculum and Student Progression Committee. A posthumous award is conferred where the student has significantly completed the relevant year of study at the time of death.

61. In exceptional circumstances Senatus may authorise the conferment of aegrotat degrees, which are unclassified. Each such conferment requires a proposal from the College concerned to be approved by the Curriculum and Student Progression Committee. An aegrotat degree is conferred only where the student was nearly qualified to receive the degree and was unable to complete it due to circumstances beyond their control. Before any proposal is referred to Senatus, the College must check that the student is willing to receive the degree aegrotat.

MBChB

Compliance

72. Students should refer to the Programme Handbook and appropriate Course Handbooks on the Virtual Learning Environment for detailed curriculum and assessment information.

73. Students entering the first year of the MBChB programme are subject to a check, carried out by Disclosure Scotland, under the Protection of Vulnerable Groups legislation. Admission to the medical profession is excepted from the

provisions of Section 4 (2) of the Rehabilitation of Offenders Act 1974 by virtue of the Rehabilitation of Offenders Act 1974 (Exceptions) (Amendments) Order 1986. Students on the MBChB programme are therefore not entitled to withhold information about any conviction on the grounds that it is, for other purposes, spent under the Act. Subject to the provisions of the Rehabilitation of Offenders Act 1974, failure to disclose a relevant conviction may result in the withdrawal of an offer of admission or exclusion from a programme of studies.

74. Students are subject to blood borne virus checks as they are admitted to the MBChB programme. Students declining testing or found to be infected by a blood borne virus will be allowed to continue on their degree programme leading to full Medical Registration, provided that they formally accept the requirement they will not be allowed to perform Exposure Prone Procedures (EPPs), and recognise that careers in some specialties may not be open to them if their infection persists.

88. Students are required to complete 12 weeks of animal husbandry extramural studies (EMS) and 26 weeks of clinical EMS. Students must submit satisfactory evidence of completion of a minimum of 12 weeks of approved animal husbandry extramural studies (EMS) by the submission deadlines provided by the School.

Students who fail to satisfy the animal husbandry EMS requirement will be unable to progress into third year of the BVM&S programme and will be reported to the BVM&S Progression Committee. Students who have not completed 26 weeks of approved clinical EMS prior to the end of final year will be unable to graduate.

89. Clinical EMS can be started in the summer vacation between second and third year, provided all animal husbandry EMS has been signed off as complete in line with the arrangements and deadlines approved by the School, and provided the Clinical EMS Driving License has been completed.

90. Students who fail to submit required clinical EMS evidence by the deadline set by the School each year will not have that EMS added to their total and will be reported to the BVM&S Progression Committee.
