Degree Regulations and Programmes of Study

Postgraduate Degree Programme Regulations

2026/27

THE UNIVERSITY
of EDINBURGH

Introduction

Compliance

1. The degree programme regulations define the types of award, their key characteristics, and their grounds for award. These regulations apply to all categories of postgraduate study at the University of Edinburgh, except for those qualified by a Senatus approved Memorandum of Agreement or Understanding for joint or collaborative awards. Students must comply with any requirements specific to their degree programme as set out in the Degree Programme Tables, the relevant College Regulations and the University's Assessment Regulations for the current academic session:

<https://registryservices.ed.ac.uk/academic-services/policies-regulations/regulations>

2. Every student must comply with the detailed requirements of the curriculum for the degree as set out in the appropriate Degree Programme Table, the programme handbook, the course handbook, the order in which courses are attended and the assessment for the programme, which are published in the University Degree Regulations and Programmes of Study. In exceptional cases, the Head of College (or delegated nominee) may approve a concession allowing a student to substitute a course marked as compulsory in the relevant Degree Programme Table with another course (or courses) with the same credit volume and SCQF level.

3. When selecting courses, students must comply with the pre-requisite, co-requisite and prohibited combination requirements for the Degree Programme, unless a concession is approved by the relevant College.

Authority Delegated to Colleges

4. Where the Head of College has the authority to grant permissions and concessions, this authority may be delegated to appropriate nominees in the College or Schools. Students must consult their Student Support Team, Supervisor, Student Adviser or School as to the appropriate point of contact, rather than approaching the College directly. Where the College does not have authority to award a particular concession then the Academic Policy and Regulations Committee may award the concession.

Code of Practice

5. The degree regulations are supported by the Code of Practice for Supervisors and Research Students, which provides essential information for staff and students:

<https://registryservices.ed.ac.uk/academic-services/students/code-of-practice>

Fitness to Practise

6. Where a student's degree programme is subject to Fitness to Practise requirements, the relevant College Committee must be satisfied at all times that in respect of health, conduct and any other matters which the Committee may reasonably deem relevant, whether such matters relate to the student's University programme or are unrelated to it, the student will not constitute a risk to the public, vulnerable children or adults or to patients and is a suitable person to become a registered member of the relevant professional body. Students are subject to the Fitness to Practise regulations both while actively studying and while on an interruption of study. Any student who fails to satisfy the relevant College Committee, irrespective of their performance in assessment, will be reported to the Head of College who has power to recommend exclusion from further studies and assessments or Professional Examinations, or to recommend the award of the degree be withheld, or other penalty set out in College procedures. An appeal against this decision may be submitted to the University's Student Fitness to Practice Appeal Committee.

- See the Student Appeal Regulations at:

Disclosure of Criminal Offences

7. The University considers that certain types of criminal offences may constitute a breach of the Code of Student Conduct and/or a degree programme's Fitness to Practise requirements. Accordingly, students must inform the Student Conduct Team (studentconduct@ed.ac.uk) if they have:

- a relevant pending charge or relevant unspent criminal conviction on matriculating at the University (students must provide this information no later than one week after matriculation); or
- been charged or convicted of a relevant criminal offence since matriculating at the University (students must provide this information no later than one week after the date of the charge or conviction).

Degree Regulations and Programmes of Study

2026/27

THE UNIVERSITY
of EDINBURGH

Information about offences considered relevant and which should therefore be reported under this regulation is provided on the University website, and may be updated on occasion:

<https://www.ed.ac.uk/academic-services/students/conduct/criminalconvictions>

Where a student discloses a relevant charge or conviction, the Student Conduct Team will refer the case to the Deputy Secretary, Student Experience (or delegated authority), who will decide whether to:

- take no further action; or
- refer the matter for investigation under the Code of Student Conduct; or
- (where a student's degree programme is subject to Fitness to Practise requirements) refer the matter for consideration under the relevant College's Fitness to Practice procedures.

Alternatively, action may be taken under both the Code of Student Conduct and relevant Fitness to Practise procedures, where the Deputy Secretary (or delegated authority) and the relevant College consider this appropriate.

Postgraduate Awards and Degree Programmes

8. The University awards the following types of postgraduate degrees, diplomas and certificates. The University's postgraduate awards and degree programmes are consistent with the Scottish Credit and Qualifications Framework (SCQF: <http://scqf.org.uk/>) unless an exemption has been approved by the Academic Policy and Regulations Committee, or the award is not included in the SCQF. The SCQF credit levels required for each programme are specified within the appropriate Degree Programme Table.

A General Postgraduate Degree Regulations

Late Admission

9. No student may commence a postgraduate degree, diploma or certificate programme more than two weeks after their given start date without the permission of the College. No student will be enrolled on a course more than two weeks after the start of the course without the permission of the Head of College. This includes students resuming courses following a period of authorised interruption of study. Students are not permitted to withdraw from a course marked as optional on the Degree Programme Table more than six weeks after the start of the relevant semester in order to substitute the course with another optional course, unless the relevant Board of Examiners has awarded a null sit for the course under the

Degree Regulations and Programmes of Study

Postgraduate Degree Programme Regulations

2026/27

THE UNIVERSITY
of EDINBURGH

Exceptional Circumstances procedure, and the requirement above to enrol on the course within the first two weeks of the course can be met.

Part-time Study

10. Some postgraduate degree programmes may be pursued by part-time study on either a continuous or intermittent basis. Requirements for progression through individual programmes of study are shown in the relevant Degree Programme Table for taught postgraduate programmes and/or programme handbook for postgraduate taught and research programmes. Conditions for part-time study will be set out in the programme handbook.

Registration for University Staff

11. Members of the University staff may only be registered for part-time study. Exceptions may be approved by the College.

Conflicting Studies

12. Students registered on a programme of study at this University may not undertake any other concurrent credit bearing studies in this (or in any other) institution, unless the College has granted permission. The College must be satisfied that any additional credit-bearing studies will not restrict the student's ability to complete their existing programme of study. This regulation does not apply to visiting or non-graduating students.

Applicants Awaiting Results

13. Applicants for postgraduate study may be studying at this or another institution just prior to the start of their postgraduate studies. Such applicants must have finished these studies before the start of the programme to which they have an offer.

14. If successful completion of this prior study is a requirement of admission, applicants are expected to provide evidence of achievement before the start of the programme.

Consecutive Registration

15. At the time of application, MSc by Research applicants may be invited to be registered for consecutive MSc by Research, followed by PhD study within the same School. This option may not be available in all Schools. Depending on the outcome of assessment the student will be invited to follow one of three routes:

Degree Regulations and Programmes of Study

Postgraduate Degree Programme Regulations

2026/27

THE UNIVERSITY
of EDINBURGH

- a. Start First Year of Doctoral Programme. If successful in the MSc by Research programme, the student graduates and also registers in the next academic session on the first year of the doctoral programme; or
- b. Start Second year of Doctoral Programme. Prior to the completion of the masters research project or dissertation, the School is content that the quality of the student's work merits treating the masters year as the first year of doctoral study. No research project or dissertation is submitted, no masters degree is awarded, and the student registers in the next academic session on the second year of the doctoral programme; or
- c. Graduate with MSc by Research Degree exit. If successful in the MSc by Research programme, the student graduates and does not continue on the doctoral programme.

Recognition of Prior Learning (RPL)

16. RPL can only be recognised at the point of admission to the University. The Head of College has the authority to recognise the transfer of a student's credit previously gained either at the University or another institution and to count it towards their intended award. Before approval is granted the College must be satisfied that the learning to be recognised and transferred provides an adequate current basis for the programme or courses as set out in the appropriate Degree Programme Table. The maximum number of credits that the Colleges will grant RPL for taught programmes is one-third of the total credits for the award for which the student is applying, that is 20 credits for a postgraduate certificate; 40 credits for a postgraduate diploma; and 60 credits for a masters (or 80 credits where a masters programme is comprised of 240 credits). For research programmes, the maximum number of RPL credits that the Colleges will grant is 360 credits. These restrictions do not apply to credit transferred when a student starts an associated Diploma or Masters, in line with regulation 60. Where a student has been awarded RPL on admission but is subsequently considered for a different exit award, a proportion of the credit previously-awarded for RPL may be removed in order to comply with the restriction that RPL constitute no more than one-third of the total credits for the award. The College may permit exceptions to this where the RPL was awarded for credit previously gained at the University, which did not lead to an award. Where a student has been awarded RPL for a course previously completed at the University which is on the Degree Programme Table for the programme they are being admitted to, the mark awarded for the course will be used for progression and award decisions relating to the new programme.

Degree Regulations and Programmes of Study

Postgraduate Degree Programme Regulations

2026/27

THE UNIVERSITY
of EDINBURGH

17. University of Edinburgh courses which have a substantial curriculum overlap with any of the courses that contributed to RPL will not count towards the student's degree programme.

18. The University can also consider prior learning for admissions purposes.
[University RPL policy for admissions](#).

Permissible Credit Loads

19. Exceptionally, with College approval, students may take up to 20 credits of additional study at Scottish Credit and Qualifications Framework (SCQF) levels 7-11 during each year of study.

20. Students may take courses on a class-only basis (i.e. not for credit), with the agreement of the course organiser, and the approval of the Director of Teaching or delegated nominee (e.g. Programme Director or Student Adviser), or supervisor. Decisions will be based on the overall load (credit and non-credit bearing) on the student in the year. Students may not take more than 40 additional credits in any year, except with the permission of the Head of College.

Credit Award

21. A student who has submitted work for one course or programme at the University must not submit the same work to attempt to achieve academic credit through another course or programme.

22. A student cannot, except under recognition of prior learning or application for associated postgraduate diploma or masters, or a formally approved collaborative programme of study, achieve an award comprising academic credit that contributed (or will contribute) to another award.

Transfer to Another Programme

23. A student may be allowed to transfer to a different degree programme from another within the University by permission of the receiving College. When such permission is granted, the student shall, in addition to satisfying the requirements for the degree to which transfer is made, pursue such further courses of study as the College may require. The College may approve the transfer of some or all of the credits the student has attained for their previous programme into the new programme, as appropriate. The time permitted to complete the programme onto which the student is to be transferred will be confirmed by the College, in consultation with the School.

Degree Regulations and Programmes of Study

Attendance and Participation

24. Students must attend and participate as required in all aspects of their programme of study. This includes being available for teaching sessions, assessment, examination and meeting Student Adviser(s), Programme Directors or Cohort Leads or supervisors face-to-face and/or electronically. Except when registered on an online or distance learning programme, or where remote participation is specifically stated, students are expected to attend and participate in person, including during the period spent working on a dissertation or research project (with the exception of periods offered for resubmission of postgraduate taught dissertations or research projects, where in-person attendance may not be required – see the [Guidance on Resubmission of Postgraduate Taught Dissertations and Research Projects](#)). The Degree Programme Table and programme handbook sets out programme requirements for attendance and participation. Certain students' visa conditions may require the University to monitor attendance and participation in specific ways. Non-attendance and non-engagement may affect a student's visa sponsorship status.

25. It is a student's responsibility to provide a current postal contact address and to ensure that any legal requirements, including those imposed by their funding or grant authority, are met. All students are required to check their University email account frequently for communications from the University and respond where appropriate. See the University policy on Contacting Students by Email: www.ed.ac.uk/files/atoms/files/contacting_students_by_email.pdf

Study Period

26. A student must complete the requirements of the degree programme within the prescribed period of study, plus any permitted submission period, unless given a concession with the approval of the College.

See the Study Period Table:

[Study Period Table – Postgraduate Degree Regulations](#)

The Prescribed Period of Study

27. The University defines the prescribed period of study for each authorised programme. These are as stated in the study period table, unless the Academic Policy and Regulations Committee (APRC) has approved a different prescribed period of study for the programme. The prescribed period of study for each programme is recorded in the offer of admission. See the Study Period Table:

[Study Period Table – Postgraduate Degree Regulations](#)

Reductions to the Prescribed Period of Study

Degree Regulations and Programmes of Study

Postgraduate Degree Programme Regulations

2026/27

THE UNIVERSITY
of EDINBURGH

28. The College may reduce the prescribed period of study as indicated below:

- Postgraduate Certificate:
 - for **part-time continuous** students by up to 4 months.
 - for **part-time intermittent** by up to 12 months.
- Postgraduate Diploma:
 - for **part-time continuous** students by up to 8 months.
 - for **part-time intermittent** students by up to 24 months.
- Postgraduate Masters:

 - for **part-time intermittent** students by up to 36 months.
- MPhil:
 - Members of the University staff and students holding a MPhil research appointment under the auspices of the University may be registered for a minimum period of 24 months part-time.
 - Members of staff of Associated Institutions who can devote the whole of their period of study to research and who have regular and adequate involvement in the work of the University School may also be registered for a minimum period of 24 months part-time.
 - Early submission on research degrees is covered in the Postgraduate Assessment Regulations for Research Degrees (18).
- Doctorate:
 - Members of the University staff and students holding a PhD research appointment under the auspices of the University may be registered for a minimum period of 36 months part-time.
 - Members of staff of Associated Institutions who can devote the whole of their period of study to research and who have regular and adequate involvement in the work of the University School may also be registered for a minimum period of 36 months part-time.
 - Early submission on research degrees is covered in the Postgraduate Assessment Regulations for Research Degrees (18).

See the Study Period Table:

[Study Period Table – Postgraduate Degree Regulations](#)

Submission Period

29. The submission period for doctoral and MPhil degrees begins three months prior to the end of the prescribed period of study. In addition, some research degree programmes permit students to have a submission period following the prescribed period of study. This is for a maximum of a year, for either full-time or part-time students. The MSc by Research does not have a submission period.

See the Study Period Table:

THE UNIVERSITY
of EDINBURGH

[Study Period Table – Postgraduate Degree Regulations](#)

Leave of Absence

30. Leave of absence may be approved where a student's programme of study requires them to undertake compulsory or optional activities away from campus in Edinburgh. Leave of absence is not permitted for permanent study at a distance from Edinburgh.

Students must have the formal approval of the College for any leave of absence to study away from Edinburgh that is 30 calendar days' duration or longer. Study location changes of less than 30 calendar days must be agreed with the Supervisor or Director of Teaching or delegated nominee (e.g. Student Adviser). Where the activity is a compulsory part of the programme of study and is organised by the School or College, permission may be given by the College for a cohort of students without individual applications being made. Colleges and Schools must maintain records of all leaves of absence. Certain students' visa conditions may be affected by study away from Edinburgh. This regulation does not apply to students on online or distance learning programmes.

Withdrawal and Exclusion

31. Any student may withdraw from their programme of study at any point in the year. Students may be excluded for reasons outlined within the procedure for Withdrawal and Exclusion from Studies or due to termination of supervision as outlined in regulation 43:

[Withdrawal and Exclusion Procedure](#)

Collaborative Degrees

32. The University of Edinburgh and one or more partner universities can collaboratively offer an approved degree programme. This can be awarded jointly or dually. The University maintains a record of approved collaborative degrees.

Authorised Interruption of Study

33. Students may apply for an authorised interruption of study, in line with the Authorised Interruption of Study Policy.

[Authorised Interruption of Study Policy](#)

Degree Regulations and Programmes of Study

Postgraduate Degree Programme Regulations

2026/27

THE UNIVERSITY
of EDINBURGH

The total permitted period of Authorised Interruption of Study is the same for full-time and part-time continuous students and will not exceed 100% of the prescribed period of full-time study, except in the following cases:

- On doctoral programmes, the total permitted period of Authorised Interruption of Study is 36 months, with the exception of PhD with Integrated Study programmes, for which the total permitted period of interruption is 48 months;
- For part-time intermittent students, the total permitted period of Authorised Interruption of Study is calculated as half of the prescribed period of study, for example, three years for a six-year Master's programme.
- On programmes with a prescribed period of full-time study of 9 months, the total permitted period of Authorised Interruption of Study is 12 months;
- On part-time continuous Masters programmes with a prescribed period of study of 36 months, the total permitted period of Authorised Interruption of study is 24 months.

The Head of College may exceptionally authorise an Interruption of Study which would take the total period of interruption beyond 100% of the prescribed period of study, provided this does not exceed the maximum allowable study period.

Also see the Study Period Table:

[Study Period Table – Postgraduate Degree Regulations](#)

Extensions of Study

34. In exceptional circumstances, a student may apply with the support of their supervisor or School postgraduate director to the College for an extension and it may be authorised by the College if there is good reason. Colleges may authorise individual extensions of up to 12 months. The total maximum period of permitted extensions is 24 months, provided this does not take the student past their maximum allowable study period. Additional periods of study offered for the completion of corrections or resubmission of a thesis under Postgraduate Assessment Regulations for Research Degrees (22, 23, or 24) do not count towards the total maximum period of permitted extensions.

See the Study Period Table:

[Study Period Table – Postgraduate Degree Regulations](#)

Maximum Degree Completion Periods

35. The maximum periods for completion of research degree programmes are the total of the prescribed period of study, any submission period, any interruptions of study, any extensions of study. The Study Period Table sets out maximum degree completion periods. See the Study Period Table:

Additional Regulations for Doctoral and MPhil Research Degrees

Supervision

36. Each student will work under the guidance of at least two supervisors appointed by the College. Supervision continues until the final version of the thesis is submitted. There are two types of supervisory arrangement: Principal Supervisor plus Assistant Supervisor (or supervisors if more than one); or Co-Supervisors, one of whom is designated the Lead Supervisor.

37. Schools are responsible for ensuring that all supervisors who are members of University staff (including honorary staff), have completed mandatory supervisor training at the University within the last five years. Schools are also responsible for ensuring that supervisors who are not University staff, or honorary University staff, for example staff at Associated Institutions, or at other higher education institutions, have either attended a supervisor briefing at the University within the last five years, or undertaken an equivalent training / briefing elsewhere within the same timescale.

38. The Principal/Lead Supervisor must be appointed prior to registration, and the other supervisor should be appointed within two months of the programme start date. Schools are responsible for recording supervisors on the student record.

39. The Principal/Lead Supervisor is responsible to the School's Postgraduate Director for the duties set out in the Code of Practice for Supervisors and Research Students, and must be:

- a) a member of staff of the University who has appropriate expertise in research and is not on a Guaranteed Hours or casual contract; or
- b) an honorary member of staff; or
- c) (when the student is studying full time in an Associated Institution) an employee of an Associated Institution.

40. Where the Principal/Lead Supervisor is an employee of an Associated Institution, the Assistant Supervisor(s) must be a University employee. A Principal/Lead Supervisor who is an employee of an Associated Institution has exactly the same responsibilities as one working within the University.

41. Students, including those on leave of absence, must maintain frequent contact with their supervisor as and when required and at least twice in each three

month period. Students attending the University on Student visas may be required to make more frequent contact with their supervisor according to the terms of their visa. Students should contact the Student Immigration Service for advice about this. Immigration information for staff working with non-UK students (EASE login required): <https://www.edweb.ed.ac.uk/student-administration/immigration/tier-4-staff>

Changes to supervision

42. In order to ensure that postgraduate research students are provided with appropriate supervision for the duration of their programme, it may be necessary on occasion to make changes to supervisory arrangements. The College is responsible for decisions on changes to supervisory arrangements and for notifying students of any changes to their supervisory arrangements at the earliest opportunity. The College reserves the right to:

- make variations to supervisory arrangements; and / or
- alter the approach to methods of delivery of supervision.

If the Principal/Lead Supervisor is absent for more than six consecutive weeks, the College will ensure alternative arrangements are in place.

Termination of supervision

43. In the event that the College considers that it is necessary to make changes to supervisory arrangements, and the College has not been able to provide alternative supervision despite having undertaken reasonable endeavours, the College may request that the Senate Academic Policy and Regulations Committee consider terminating supervision of the student as set out in the procedure for termination of supervision of Postgraduate Research students:

https://www.ed.ac.uk/sites/default/files/atoms/files/procedure_for_termination_of_supervision.pdf

Transfers from Another Institution

44. The research studies of students who apply to transfer from another institution in order to study for a doctoral or MPhil degree of the University of Edinburgh may be counted towards the prescribed period of study for the degree. In such cases the prescribed period of study at the University of Edinburgh must be at least 12 months.

2026/27

THE UNIVERSITY
of EDINBURGH

45. A student who has been excluded for lapse of time, debt, non-matriculation, or lack of visa permission, or who has withdrawn voluntarily before the end of their period of study may ask the College to reinstate their registration at a later date to allow them to complete their programme. The College will decide whether or not a student should be reinstated, and factors such as (but not limited to) the passage of time and its implications for the topic of study and the availability of appropriate supervision will be taken into account. The student must provide good reason for the previous failure to complete. Students who require Student Visa sponsorship must contact the Student Immigration Service for advice before applying for reinstatement. If reinstatement is approved:

- Students who were previously excluded for lapse of time will be reinstated for a period of one month and required to submit their thesis for examination, in accordance with the Postgraduate Assessment Regulations for Research Degrees. Where a student does not submit their thesis for examination within the period of reinstatement, they will be excluded for lapse of time and will not be permitted to apply for further reinstatement.

MSc Engineering degrees: professional requirements

108. An MSc student who is eligible for progression or for the award of an accredited MSc degree by the University regulations but who fails an MSc course, for which a pass is required for reasons associated with breadth of professional knowledge and/or the stipulation(s) of one or more of the Professional Accreditation bodies, will be required to “resit for professional purposes” the failed course.

109. A student requiring “resit(s) for professional purposes” will be ineligible for the accredited MSc degree unless the necessary passes at “resit for professional purposes” are achieved, but may be eligible for the award of the unaccredited degree of MSc in Engineering Technology in a Designated Subject.

110. ‘Resits for professional purposes’ should be taken at the next available opportunity. Only one resit attempt will be permitted. Where a student has exhausted the maximum number of attempts and has still yet to pass a course or courses, they will not be eligible for the accredited MSc degree, but will be considered for an exit award in line with Regulation 111.

111. Where resits for professional purposes are required, the first (fail) mark will be recorded for the MSc degree classification.

112. It will be for each MSc Programme Director within the School of Engineering to identify the requirements for each degree programme. This may be done on the basis of individual courses, and/or on the basis of an aggregate. The requirements for each Programme will be stated in the Degree Programme Handbook.
